

ProWISE

Professional Certification on Waste Innovation for Sustainable Economy 2.0

SMALL STEPS BIG IMPACT

14TH AND 15TH NOVEMBER 2026

Course Overview:

This executive certification provides a strategic understanding of India's waste management and circular economy ecosystem, aligned with global best practices and emerging innovations. The programme covers policy and regulatory frameworks, Extended Producer Responsibility (EPR), resource efficiency, waste-to-resource technologies, and circular business models. Designed for industry professionals, policymakers, consultants, and sustainability practitioners, it equips participants with the knowledge to navigate evolving regulations, adopt innovative solutions, and drive the transition to a resource-efficient and circular economy.

Course Objectives:

- Develop a strategic understanding of India's waste management and circular economy ecosystem.
- Interpret key regulations, policy frameworks, and Extended Producer Responsibility (EPR) requirements.
- Evaluate emerging waste processing and resource recovery technologies.
- Benchmark Indian practices against global best practices and innovations.
- Identify business opportunities and value creation pathways in the circular economy.
- Formulate waste-to-resource strategies to enhance resource efficiency and sustainability.

Benefits:

**Cost
Reduction**

**Regulatory
Compliance**

CII is a non-government, not-for-profit, industry-led and industry-managed organisation, with over 10,500 members from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 365,000 enterprises from 332 national and regional sectoral industry bodies.

For more than 130 years, CII has been engaged in shaping India's development journey and works proactively on transforming Indian Industry's engagement in national development. CII charts change by working closely with the Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness, and business opportunities for industry through a range of specialised services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Through its dedicated Centres of Excellence and Industry competitiveness initiatives, promotion of innovation and technology adoption, and partnerships for sustainability, CII plays a transformative part in shaping the future of the nation. Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes across diverse domains, including affirmative action, livelihoods, diversity management, skill development, empowerment of women, and sustainable development, to name a few.

For 2026-27, CII has identified “Accelerating Competitiveness: Growth, Resilience, Inclusion, Sustainability, Trust” as its theme, prioritising five key pillars. During the year, CII will align its policy advocacy, institutional initiatives, partnerships, and outreach to support Indian industry in strengthening these five interconnected pillars of competitiveness.

With 70 offices, including 12 Centres of Excellence, in India, and 9 overseas offices in Australia, Egypt, Germany, Indonesia, Singapore, UAE, UK, and USA, as well as institutional partnerships with 255 counterpart organisations in 102 countries, CII serves as a reference point for Indian industry and the international business community.
